EXAMINER'S AMENDMENT/COMMENT

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The primary reason for the indication of the allowability of claims 29-36, 47-48 is the inclusion therein of the limitations of method wiping and a wiper blade supported by said support to wipe ink residue from the printhead through relative motion between said printhead and said wiper blade, said blade having a leading surface with a smooth concave contour. These limitations are neither suggested nor taught by the prior art of record, alone or in combination as claimed.

The primary reason for the indication of the allowability of claims 37-42 is the inclusion therein of the limitations of a wiper blade supported by said support to wipe ink residue from the printhead through relative motion between said printhead and said wiper blade, said blade having a length and a leading surface with a concave contour, said blade tapering along said length to a wiping tip. These limitations are neither suggested nor taught by the prior art of record, alone or in combination as claimed.

The primary reason for the indication of the allowability of claims 43-46 is the inclusion therein of the limitations of a wiper blade supported by said support to wipe ink residue from the printhead through relative motion between said printhead and said wiper blade, said blade having a leading surface with a concave contour, a first thickness in a base region and a second thickness in a tip region, wherein said second

Art Unit: 2861

thickness is less than said first thickness. These limitations are neither suggested nor taught by the prior art of record, alone or in combination as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
